

Steelheart Refrigeration Series

with R290 Hydrocarbon Refrigerant

Hoshizaki America has redesigned and is rolling out upright and horizontal refrigeration models with the new R290 refrigerant. R290 is a natural hydrocarbon with a low Global Warming Potential proven safe for use in refrigeration equipment. The new Steelheart Series has all the high-end features at the same great value and is now more efficient than ever. It will eventually be in all refrigeration products including back bar and glass door merchandisers, with the exception of the HR24B, which will have R600a.

Hoshizaki America 10-1-18 Catalog

New Model Numbers Are Coming!

With the change to the refrigerant comes changes to the model numbers. The new model numbers are shorter and easier to decipher but feel free to call or email us with any questions.

As the factory makes new models available and as inventory is depleted, we will

transition to the new Steelheart series.
Auto Quotes will also update as new models become available.

List of Transition Model Numbers | Steelheart Series

First Models to Transition at HKE Solutions

SR72A-18 (Replaces CRMR72-18)

Identification Breakdown

S - Sandwich Prep
R - Refrigerator
72 - Unit Width
A - Series Modification
-18 - Number of 1/6 Size Pan Capacity

HKE Solutions has (1) CRMR72-18 in stock.
(1) SR72A-18 on order at the factory.

UR27A (Replaces CRMR27)

Identification Breakdown

U - Undercounter
R - Refrigerator
27 - Unit Width

Anticipated to be in stock 10/24/18

UR27A Spec Sheet

Revised Drawer and Pan Capacity Cheat Sheets

Mega Top Pan Capacity

Pizza Prep Pan Capacity

Sandwich Prep Pan Capacity
